

Kiss and Drive Carine Primary School

We have six bays on Osmaston Road, at the front of the school, operating as designated Kiss & Drive vehicle bays, especially set aside for the set down and pick up of students.

In the mornings, please ensure your children alight from the **left** side of the vehicle. Parents/carers **must** remain in the vehicle.

Every afternoon after school, parent volunteers man the Kiss & Drive facility until approximately 3.20pm. Please obey the directions of these voluntary wardens.

This is the process which must be followed to ensure the traffic flows smoothly.

1. Move as far forward as possible;
2. If you are Car #1 and your child is not ready for collection, you may be asked to move along – this means driving around the roundabouts and joining the back of the queue;
3. Car #2 will then move up to position #1. If your child isn't ready for collection, you may then be asked to move along.

This is a continuous flow process.

It is extremely important that you:

- Only enter the Kiss & Drive zone if you can see your child is ready to be picked up;
- If you cannot see your child, drive on around the roundabouts and rejoin the queue;
- When you enter a Kiss & Drive bay, remain in the car with your engine running and handbrake on;
- DO NOT leave your car unattended in the Kiss & Drive zone;
- If your child needs assistance with seatbelts, park your car OUTSIDE the Kiss & Drive zone and collect your children;
- Remember to **indicate right** when you are ready to re-enter the traffic flow.

Our parent volunteers do a great job to keep the kids safe, so please encourage your children to cooperate with them respectfully, so you can continue to collect them from school without getting out of your car and thus get home quicker!
