FROM THE PRINCIPAL

Thanks to Mr Adams and to Mrs Nolan and all the staff and parent helpers who organised our school Swimming Carnival. It was very successful and once again, the good sportsmanship and team spirit that is a very strong part of our Carine culture was on display for all to see. The staff from HBF stadium also commented on their excellent behaviour and courteousness. A big thank you to our Carine Senior High School students who attended and helped out on the day. Your efforts are very much appreciated.

Congratulations to the Faction Captains and the Vice Captains who will provide leadership to their teams for the rest of the year. Your ability to lead has been recognised by your peers and I know you will proudly represent your factions and make sure they put in their best efforts at all the sporting events throughout the year. They are:-

This week several staff attended the Gifted and Talented Network meeting and we looked at the differing profiles of giftedness in children. One of our priorities is to ensure that our bright children are identified and that we challenge them and develop their strengths so that they remain fully engaged in their learning. It was very well attended session and we were reminded that having a gift is one thing, but whether that giftedness leads to displaying a talent is another! And therein lies our challenge. What a waste if that gift makes no difference! I’ve included a little fable that was shared with us at the course. It was written in the 60s, and like a lot of things that happened back then, it still carries a very good message.

**A FABLE**

One time the animals had a school. The curriculum consisted of running, climbing, flying and swimming, and all the animals took all the subjects.

The duck was good in swimming, better than his instructor, and he made passing grades in flying, but was practically hopeless in running. He was made to stay after school and drop his swimming class in order to practice running. He kept this up until he was only average in swimming. But, average is acceptable, so nobody worried about that but the duck.

The eagle was considered a problem pupil and was disciplined severely. He beat all the others to the top of the tree in the climbing class, but he had used his own way of getting there.

The rabbit started out at the top of his class in running, but had a nervous breakdown and had to drop out of school on account of so much makeup work in swimming.

The squirrel led the climbing class, but his flying teacher made him start his flying lessons from the ground instead of the top of the tree, and he developed charley horses from overexertion at the takeoff and began getting C's in climbing and D's in running.

The practical prairie dogs apprenticed their offsprings to a badger when the school authorities refused to add digging to the curriculum.

At the end of the year, an eel that could swim well, run, climb, and fly a little was made valedictorian.

Our speech therapy program is up and running again this year with our kindy children being identified as well as our pre-primary children being followed up from last year’s work. It is a very valuable initiative and the therapists work very closely with the classroom teachers and also liaise with parents from time to time. Please remember to read to your children and talk to them often and allow time for them to talk at length to you. The importance of using sentences with full explanations cannot be emphasised enough. We want to give all our students a strong language base so they can communicate and learn effectively.

News from Your P&C

FIRST GENERAL MEETING IS THIS
TUESDAY 8 MARCH 2016 AT 7.30PM
IN THE SCHOOL STAFFROOM – ALL WELCOME
- 7.00PM MEET AND GREET -

We’re doing something a little different this year: the doors will open at 7.00pm for a ‘meet and greet’ – wine and nibbles will be provided. This is an excellent opportunity to meet the committee and get to know other members of the P&C. The formal meeting will start at 7.30pm, as usual. Hopefully, we can get the sort of turn out we had at the AGM last month!

Fundraising Sub-committee

This year the P&C has separated fundraising activities from the P&C general business and we are now seeking volunteers to join the newly formed Fundraising Sub-committee. The role of this sub-committee is to set the schedule of fundraising activities, to come up with new and innovative fundraising ideas, and to help prioritise suggestions as to where the fundraising monies should be spent.

We would also like to hear your suggestions as to where the fundraising monies can be allocated to best benefit both the kids and school.
Last year we were able to support the school community by sponsoring the Reading Eggs program, supplying shade sails for B Block, purchasing trikes for the Kindy playground and a full classroom set of iPads for the music program.

If you are interested in getting involved by joining the Fundraising Sub-committee or have some suggestions as to where we can target the fundraising activities, we would love to hear from you: carine.primary.pandc@gmail.com. Thanks!
